230 ACRES
Lincoln County Land at
AUCTION
Wednesday, July 16th
10 O'CLOCK

I will sell to the highest bidder the first class and highly productive farm of S. B. Sanders and W. S. Carrier, on the Rush Branch pike, near Hubble, 5 miles from Stanford, 6 miles from Lancaster, 7 miles from Danville.

The best location ever. Accessible to three markets. Farmers in this neighborhood always get a better price for stock and farm products by reason of the competition of buyers from three county seats. Make inquiry of these farmers and you will find this is true.

The land is very fertile, level and rolling, long frontage on pike. Will be subdivided and "SOLD" in several tracts from 25 to 100 acres in each tract. Look it over before day of sale and we will "bunch" two or more tracts if you want to buy it that way.

Main dwelling, 5 rooms, porches, etc., one 3 room tenant house, one 5 room tenant house, 2 stock barns, 3 new tobacco barns.

35 acres in corn, 20 acres in tobacco,
40 acres in wheat stubble, 10 acres rye and grass,
20 acres orchard grass and clover, 110 acres Blue Grass.
Everlasting Water.

See this farm before you buy. In the REST neighborhood in Kentucky, Close to school and churches. Most centrally located. Sale made to dissolve partnership.

What is the use of further description? "My goods are on the counter". Look them over. Attend this sale and get one of the bargains in land. This will be a money maker for some one.

Possession January 1, 1920.

We are authorized to announce
W. T. SEORT
as a candidate for State Senator in the
17th Senatorial District, subject to the
action of the Republican party at its
primary election on August 2, 1919.

ANNOUNCEMENTS

We are authorized to announce
HON. E. BULLOCK

as a candidate for Representative from
the Seventh Congressional district, com-
posed of Rockcastle and Laurel coun-
ties, subject to the action of the Repub-
lican party at its primary election on
August 2, 1919.

THE ATTORNEY GENERAL'S SHIP NOMINATION.

JUDGE Frank E. Daugherty, of Bardstown, and Ryland C. Musick, of Jackson, in the 9th Con-
gressional District, are the con-
tending candidates for the Demo-
cratic nomination for Attorney
General. Which one should the
Democrats nominate?

Daugherty lives in the 4th Congressional District and spends a great deal of his time in the city of Louisville. Musick is originally from Scott County, but lives now, and has for years, in Jackson, Breathitt County. He is well known in Central and Northern Kentucky. He is a sober and industrious man. He is a clean, upright man and recognized as a good lawyer. He is aggressive and believes thoroughly in a better and more enlightened and progressive Kentucky.

But what of Judge Daugherty? He was once Commonwealth At-
torney of the 10th Judicial Dis-
trict. His nomination for that office was very doubtful and in 1915, his opponent, whom he had defeated for the nomination in 1909, came back and won over Daugherty for the nomination for the same office. By reason of these two fights and for other reasons not necessary to mention here, Daugherty is looked upon as not a very strong candidate in his own bailiwick.

But there is another reason why Daugherty should not be nominated and one that every Democrat who loves his State and his Party should carefully consider. Eli Brown is Judge Daugherty's sponsor and champion. The moment Eli Brown heard of any worthy, honest and capable Democrat being urged to run for Attorney General, he would immediately set about, with every means at his command to stop such a movement. He would not only use messengers but letters and telegrams in his efforts to keep them out of the race. Brown claimed that Daugherty has already organized the State with his assistance and that no one has a chance to defeat him; that certain powerful influences are behind Daugherty, which spells victory.

Such methods have been adopted and used by Eli Brown on men who were not even seriously thinking of running for the nomination but whom Brown had heard mentioned for the place. He even attempted to prevent Ryland Musick from running as he frowned on and discouraged the entry of others against Daugherty. Brown was determined, if possible, that Daugherty should have no opposition. Why should the bosom friend and rich beneficiary of Stanley's administration champion Daugherty's campaign? Is he to be appointed special counsel in important cases like he was in the now famous Harkness tax case in the City of Lexington?

We do not know Mr. Musick personally, but before discussing the respective merits of these two men for the place they seek, we set about honestly and conscientiously to obtain the truth as to both of them. Neither candidate is under any obligation to

us nor is the Signal under the slightest obligation to either of them. We are asking nothing at their hands and have endeavored to seek the truth only that it might be known to all men. What the Signal wants and all it is striving for is to see the Democrats select the strongest ticket obtainable and then go behind it with a vim and a push that will mean election in November.

Looking solely to this end, we appeal to the Democrats to think soberly, even prayerfully, and then act wisely. The Democrats of the State will select their own nominees. They will march to the polls on the second of August and proclaim their individual choice. In that election the poorest citizen of Rockcastle will have the same voice as the richest man in Louisville, Covington or Lexington. It will be a ticket selected by the people that will represent and serve the people. Yet, more, if the Democrats act wisely in the August Primary, it will make the election of the ticket easier in November.

KENTUCKY

Rockcastle County is a law abiding county. Its citizens are patriotic in all things. To uphold the law is a duty—The new Revenue law provides that the Tax payer shall come to the County seat and give his list between July 1st and October 1st—each year.

Don't be a slacker. Uphold the law. Any one failing to comply with this law, will be fined not exceeding fifty dollars. I am asking you to come in on an early date, before the weather gets bad and before I am crowded with work. My office will be opened from 8 a. m. until 5 p. m.

SUMMER COMPLAINT QUICKLY RELIEVED

"About two years ago when suffering from a severe attack of summer complaint, I took Chamberlain's Colic and Diarrhoea Remedy and it relieved me almost instantly," writes Mrs. Henry Jewett, Clark Mills, N. Y. This is an excellent remedy for colic and Diarrhoea and should be kept at hand by every family.

"Meats in Storage"

Every working day of the year 75,000,000 pounds of meat are required to supply home and export needs—and only 10 per cent of this is exported.

These facts must be kept in mind when considering the U. S. Bureau of Markets report that on June 1, 1919, there were 1,348,000,000 pounds of meats in cold storage. If the meat in storage was placed on the market it would only be 20 days' supply.

This meat is not artificially withheld from trade channels to maintain or advance prices.

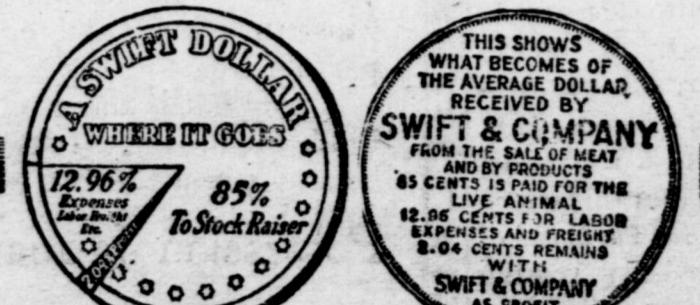

Meats in storage consist of—

- 65 per cent (approximate) hams, bacon, etc., in process of curing. It takes 30 to 90 days in pickle or salt to complete the process.
- 10 per cent is frozen pork that is to be cured later in the year.
- 6 per cent is lard. This is only four-fifths of a pound per capita, and much of it will have to go to supply European needs.
- 19 per cent is frozen beef and lamb, part of which is owned by the Government and was intended chiefly for over-seas shipment. If this were all diverted to domestic trade channels, it would be only 1½ lbs. per capita—a 3 days' supply.

From this it will be seen that "meats in storage" represent merely unfinished goods in process of curing and the working supply necessary to assure the consumer a steady flow of finished product.

Old John Barleycorn saw his finish at midnight Monday, President Wilson deciding that he had no legal power to lift the wartime prohibition, the act specifying that it must continue till the demobilization of the army and not on the signing of peace. Congress did not accept his proposal to lift the ban on wines and beer, so the country is now as dry as the desert of Sahara. Mr. Wilson added in his statement that when the demobilization is complete, his

power to act without congressional action will be exercised. But with more than a million soldiers still in Europe and judging by the slovenliness of their discharge, the demobilization will not be complete before prohibition takes effect in January, 1920.

The writer, on a return trip
from Louisville Monday had the
privilege and pleasure of stop-
ping for a few moments to see
Ray Miller, the youngest son of
the late M. C. Miller. Ray lives
six miles from Lawrenceburg on
a farm, he is married and has
one baby, a little girl two years
old. He is book keeper for the
Cedarbrook Distillery at a good
salary. Morning and evening is
spent in his tobacco and other
crops. Ray has the reputation
of being a hustler and everything
indicates as much. His brother,
Scott is in the automobile busi-
ness in Versailles and is doing
well.

The indications are that the
Farmers' Community Meeting to
be conducted here on the 14th,
15th and 16th will be a success,
not only from the fact of it be-
ing a good meeting, but also
from a large attendance. There
is a general interest in meet-
ing and to hear people from all
sections of the county saying
they expect to attend. There are
very few farmers in the county
who would not appreciate receiv-
ing one of these Duroc pigs, and
in addition to these prizes, we
have some other very valuable
ones to offer those who attend
the afternoon sessions, such as
three months subscription to
daily papers, yearly subscriptions
to farm papers and local weekly
papers. It will be worth while to
attend these meetings.

The writer had the pleasure of
stopping for a few moments in
Shelbyville Monday to see J. H.
Barnett and family. We found
Mr. and Mrs. Barnett well and
enjoying good health. Grider
Barnett is a half owner in Shelly-
ville's best garage and having all
the work he can do. Allen, who
was recently discharged from
the service having the rank of a
Major, is at home for the sum-
mer, but will fill a chair in
Georgetown College when the
school opens in September. The
youngest son, Capt. Jim Barnett
is still in the service. Mr. Barnett
and family are glad to be back
in Shelly, their native county,
but there will long linger with
them tender spot for Rockcas-
tle, where they spent several
pleasant and profitable years and
have many warm friends.

Elijah Abney, who has been
here the past week having his eyes
treated, says they are doing fine.
He thinks he will be able to go
to his home in a few days.

The Fact of the Matter

YOU can see for yourself that the Chandler is the most closely
priced fine car in the whole American market. Printer's ink
lends itself to the presentation of claims and facts alike. We
make it our purpose, in speaking of the Chandler, to deal with
facts only.

And this we believe to be the fact, that no other automobile,
built so well, built of such good materials, built in such good
design, is priced within hundreds of dollars of the Chandler price.

The Chandler motor is truly a great motor. There is none
better. Fifty thousand Chandler owners know it. And countless
thousands of their friends and neighbors know it. Now in its
seventh year of constant development, without radical change
of design, it approximates perfection.

The whole Chandler chassis, simple and sturdy, is dependable
and enduring. And Chandler bodies, graceful in line, roomy
and comfortable, luxuriously upholstered and beautifully fin-

STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

LOSS OF APPETITE.

As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it.
